

---

To all members of MERS:

The office remains closed to the public due to the virus and restrictions from the Governor. We are abiding with the Social Distancing Guidelines. The work of the system is being done remotely by the employees on secure computers. If anyone has questions or needs to communicate with the office, emails are the preferred method, but a voice mail will be answered as soon as possible. There will be some delays and inconvenience, and for this we apologize, but the MERS business will continue.

Let me assure all retirees that checks will be deposited and will continue month after month.

Warren Ponder, Director
